

Building the cemeteries for tomorrow.

2025

CCAV Annual Conference

Join us for an unmissable event dedicated to shaping the cemeteries of tomorrow! This conference is your opportunity to gain insights, explore innovations, and connect with peers on key industry developments.

Hear from leading experts, engage with inspiring guest speakers, and discover forward-thinking strategies that will drive the future of cemetery management.

Our Partners

We are once again thrilled to extend our heartfelt thanks and appreciation to our outstanding partners for their steadfast support of CCAV throughout the year.

Our partners are deeply invested in our industry, dedicating time and resources to forge strong, lasting relationships. Their loyalty to our association is something we continue to earn by giving them thoughtful consideration in our purchasing and service tendering decisions. Their commitment enables us to offer subsidized event costs for all members, and we are truly grateful for their invaluable contributions.

Our Speakers

Dr Jordan Nyugen

Dr Jordan Nyugen is a leading Australian engineer, inventor and innovator, committed to improving as many lives as possible, and becoming a driving force behind both human and technological evolution as we move into the future.

An internationally renowned engineer for humanity, Jordan designs life-changing technologies to transform the lives of people with disabilities and the elderly through his role as founder of Psykinetic, a social business committed to bringing positive, sustainable and life-altering change.

Inspired by human endeavour, Jordan has big ambitions to see our world step consciously and creatively into a better future.

Florence Jaquet

Florence Jaquet over 40 years of experience in landscape architecture in Switzerland, France, England and Australia with particular expertise in Cemetery Design and Master planning as well as Water Sensitive Urban Design.

She has been involved in the cemetery industry for more than 30 years and has advocated for more sustainable, landscape-oriented and biophilic outcomes for 2 decades. Contemplation, healing landscapes and sculptures are a big part of my cemetery work. A deep understanding of the industry and a vision for future cemeteries has led me to be invited to speak at a number of Conferences and to contribute to issues papers and submissions for legislative changes.

Mike Clarke

Mike is a former KPMG Partner and CIO, currently serving as a Board Director, Expert Witness, and Business Founder. During his tenure at KPMG, Mike led the Technology Consulting practice in New Zealand.

One of Mike's key areas of expertise is cyber security, which he views as a critical business risk that must be managed strategically. To address this, he founded Wire8 Digital, a firm dedicated to helping organisations manage cyber risk through clear, standardized frameworks, cutting through the technical jargon.

Outside of his professional endeavors, Mike has a passion for horse racing as a breeder, owner, and administrator. He also enjoys motorcycles and traveling.

Amber Dahlhaus

Amber Dahlhaus is the Marketing & Communications Coordinator at Geelong Cemeteries Trust. With a Bachelor of Communication (Digital Media) from Deakin University, Amber combines her expertise and experience in marketing, social media management, and communications to enhance the Trust's community engagement and brand presence.

Her role includes developing marketing strategies, managing social media platforms and overseeing website content. Amber's strong skills in copywriting, content creation, and analytics ensure effective communication with diverse audiences. A proactive and adaptable professional, she also contributes to administrative tasks and supports families with compassion and professionalism.
